Do you communicate with youth in a way that makes them feel supported and heard? This workshop introduces communication techniques that help build more supportive, youth-centered relationships. Participants learn how to engage youth through asking effective questions, active listening, and offering encouragement rather than praise.

Enhancing SEL Skills through Games

Friday, December 14, 2018
10 a.m. - 12 p.m.

Research shows that with the right framing, simple games can become powerful tools for teaching core social emotional skills that improve children's academic performance, behavior and lead to success in school. We will examine the use of Brain Games, developed by a team at Harvard Graduate School of Education as well as SEL games in the SMART Zone. Come ready to play and learn!
