Students, volunteers and staff are all play an important role on out-of-school time programs. We want them all to become leaders. Take the BOLD step to creating a trusting a trusting environment where everyone is respected and valued; help them BRAVELY engage in open, honest conversations, and become BRILLIANT through self-evaluation and reflection. Participants will increase their knowledge and skills in supervision, management and leadership. They will have strategies and tools to use in their roles and to share with others in supervisory and leadership roles within their organization; some of which can be used with developing leadership in the youth they serve.
