Put Some Swirl in Your Afterschool

Gain practical and creative ways to build stronger literacy skills in your afterschool students. Participants will explore engaging activities (speaking, writing, illustrating, reading, and listening) that encourage students to discover the fun of literacy while building their critical thinking. This session will be packed full of ideas (and resources from CASE lending library) to get your students involved and learning.

The Harris County Department of Education formed the Center for Afterschool, Summer and Expanded Learning (CASE) for Kids formerly the Cooperative for After-School Enrichment in 1999, to mobilize the community to work together to ensure that every child in Harris County has access to an after-school program. CASE for Kids has been endorsed by all 25 Houston/Harris County School Superintendents. After-school programs keep kids safe, help working families, and improve academic achievement.

***Continuing Professional Education (CPE) Credits provided for all workshops.**
