

CASE *for* Kids

Center for Afterschool, Summer and Enrichment for Kids presents
Mysterious Makers

Thursday, May 19, 2016
9:30 - 11:30 a.m.
6300 Irvington Blvd.
Houston, Texas 77022

Forge bonds, nurture individuals

Inspire youth by learning about DIY, Makerfaire, 3D Printing, Arduino, Open Source and other ways to **incorporate play, creativity and exploration**. Unlock ways to bring **more science, hobbies and computer skills** into your afterschool program. Discover how you can help your kids become the next Alexander Graham Bell, Thomas Edison or George Washington Carver.

About CASE for Kids

CASE for Kids services improve program quality and equalize access to afterschool, summer and enrichment opportunities – because what happens between school and home matters. To learn more about CASE for Kids services, visit www.afterschoolzone.org

About the presenter

Shawn C. Petty is the training and development manager for Westat. He provides leadership to a team of instructional designers, trainers and technical assistance consultants for 21st Century Community Learning Centers in Texas. He drives results for these programs by utilizing evidence-based practices with technological tools, including social media and gamification.

Workshop fee: None
