

# CASE *for* Kids

## Define lives and learning

Increase participation  
in your out-of-school  
time program

Thursday, Feb. 18, 2016  
10 a.m. - 12 noon  
6005 Westview Dr.  
Houston, Texas 77055

### About the workshop

“Youth Engagement Ingredients to Increase Program Participation” will focus on initiatives that target youth engagement and inclusion to increase program quality. Youth participation must be seen not only as an outcome but as a process for reducing exclusion and disengagement. Out-of-school time programs play powerful roles in kids' lives and learning, especially when they engage participants in a mission that they help define.
